

Winterville Citizens Advisory Committee
Minutes for April 23, 2019

The Winterville Citizens Advisory Committee held a meeting on April 23, 2019 at the Winterville Depot in Winterville, Georgia. Present and participating at the meeting were Mike Shockley, Jonathan Scott, Sam Alvarez, Bob Bonsall, Brian Binder, Bruce Johnson and Shauna Smith.

Upon motion duly made, seconded and unanimously approved, the following persons were elected to serve in the following positions:

Mike Shockley - Chairman
Brian Binder - Co-Chairman
Shauna Smith - Secretary

The committee opened the meeting with a discussion regarding the TSPLOST and SPLOST funding. It was determined that the committee should focus on SPLOST first since the list of proposed projects should be completed and submitted to Mayor Dodd Ferrelle by early June.

There was discussion regarding the method of getting input from Winterville citizens and the City of Winterville for use of the proposed SPLOST funding. The committee decided that it should seek input from City of Winterville departments and ask them to present to the committee potential projects and/or needs for their department. Mr. Shockley agreed to contact the Winterville Fire Department, Winterville Police Department, Winterville City Hall, Winterville Public Works Department and the Winterville auditorium/Community Center to schedule a representative from each of these departments to make a presentation to the committee at either the April 30, 2019 or May 7, 2019 meetings depending on the availability of each department.

In addition to getting input from representatives for the City of Winterville, the committee will work with the City Clerk and Mayor to utilize a page on the City of Winterville website and/or an email address where the committee can elicit citizen input. In addition to those methods, it was discussed that the committee would like to see resources such as Facebook, the Nextdoor website, the Winterville Listserv and other means of generating Citizen responses.

The committee also discussed holding a meeting for the purpose of Citizen input at the May 14, 2019 meeting.

It was determined that the next meeting would be held on Tuesday, April 30, 2019 at the Winterville Depot in Winterville, Georgia.

Respectfully submitted,

Shauna Smith
Secretary
