

Winterville Design Charrette – Visions for Change

1. What should future new structures look like in Winterville?
  - They should be based on historic and traditional house forms already in Winterville.
  - They should be decided by the personal desires of the property owners or developers.
  - They should look like adjacent properties.
  
2. How should new growth be managed?
  - As part of a long-term plan with a unified appearance code for Winterville.
  - As part of a system of overlay districts with specific guidelines.
  - It is okay the way it is handled now, no changes needed.
  
3. Is mixed-use development (residential + commercial/retail) a good idea for Winterville?
  - Yes       No      Comments: \_\_\_\_\_
  
4. Where should new commercial buildings be built: in Five Points, in the historic town center, or elsewhere? \_\_\_\_\_
  
5. Would you be in favor of having design decisions about new construction unified and encouraged with a new review approval process for proposed changes?
  - Yes       No      Comments: \_\_\_\_\_
  
6. Would you be willing to serve on a Design Review Board if one was established?
  - Yes       No      Comments: \_\_\_\_\_
  
7. Complete this sentence: Traffic is \_\_\_\_\_ in Winterville.
  
8. Do you think a roundabout is a good idea for the 5-Points intersection? Why or Why not?
  - Yes       No      Comments: \_\_\_\_\_

---
  
9. Have a comment, concern, or an idea? Put it here. (More to say? Use the back!)
